Chapter 8: Derogations and Variations
UCL Institute of Education

UCL IOE MPhil/ PhD Regulations 2014-15 (Continuing Students)

Contact: **Lizzie Vinton**, Assessment Regulations and Governance Manager, Academic Services, Student and Registry Services

These regulations apply to UCL IOE MPhil/ PhD students enrolling before September 2015.

Continuing UCL IOE MPhil/ PhD students are also subject to the *UCL IOE Code of Practice for Research Degrees* and to the *UCL Research Governance and Ethics Policies and Procedures*.

Regulations for the Degrees of MPhil and PhD

1. Introduction

1.1 These Regulations govern the conduct and award of the degrees of Master of Philosophy (MPhil) or Doctor of Philosophy (PhD), including the PhD by Publication and the degrees of Master of Philosophy and Doctor of Philosophy with Integrated Research Methods Training (hereinafter called the Integrated MPhil/PhD).

1.2 The regulations are made subject to the *UCL IOE General Academic Regulations 2014-15*, the *UCL IOE Assessment Regulations for Students 2014-15* and all other relevant regulations, policies and procedures of UCL.

2. Definitions

2.1 In these regulations, terms have the meanings assigned to them in the *UCL IOE General Academic Regulations 2014-15* unless otherwise stated in the text.

2.2 Any reference in these regulations to any named officer of UCL shall be deemed to include a reference to any person designated by that officer for the purpose.

3. Admission

3.1 Candidates for admission must satisfy the requirements laid down in the *UCL IOE General Academic Regulations 2014-15*.

3.2 The normal minimum entrance requirements for admission to an MPhil or PhD is either:

3.2.1 a first or upper second class honours degree obtained after a course of study extending over not less than three years in a university (or educational institution of university rank); or

3.2.2 a postgraduate taught degree of a UK university or an overseas qualification judged to be of an equivalent standard by the Institute in an area of specialism appropriate to the research to be undertaken.

3.3 A candidate not satisfying these requirements may be considered for admission if UCL is satisfied that his or her general education, scholarship, training and experience are suitable for the programme. In such cases, UCL will prescribe qualifying work that must be completed to the satisfaction of the Programme Leader before registration.

3.4 Candidates for admission may in addition be required to pass an approved English language test at a specified level. The normal level of pass required in the International English Language Testing System (IELTS) will be 7.0 overall, with individual scores for writing and for reading no lower than 7.0. The normal level of pass required in Test of English as a Foreign Language (TOEFL) will be 650 in the paper-based test or 280 in the computerised test or 114-115 in the internet-based test.

3.5 Candidates for registration may be required to pass a qualifying examination and/or may be required to obtain additional qualifications for admission.

3.6 At the discretion of the Programme Leader, a candidate who fails to pass a qualifying examination prescribed for him/her may be permitted to re-enter for T1 0lk.6denn[()]94.63 Tm (o)-3(p)4(

4. Registration

4.1 A candidate for a research degree will be registered initially for the MPhil degree except where the Programme Leader has given permission for initial registration for the PhD degree or where a member of staff is permitted to register for a PhD by publication under 4.2 below.

4.2 A member of UCL IOE staff permitted to register for a PhD by publication shall be expected to meet the conditions laid down in Annex A to these regulations.

4.3 Students registered for the MPhil or PhD degree may be exempted from part of the course of study if they have commenced a course of study for the MPhil or PhD degree (or equivalent degree) of another university, provided there is no change in their topic of research and provided they meet the conditions (*See also regulations 5.4 and 6.4, as well as B8 for students registered for the Integrated MPhil/PhD*).

4.4 UCL IOE may permit a student to transfer registration from the MPhil degree to PhD and from the PhD degree to MPhil in accordance with the procedures determined by UCL IOE from time to time, and published in the relevant student handbooks issued by UCL IOE, provided that no transfer of registration is permitted after entry to the examination for the degree from which the student is transferring. Registration for the degree to which transfer has been made may date from initial registration for the degree from which transfer has been made.

4.5 On transfer of registration, the registration for the original degree will be terminated.

4.6 Students registered for the MPhil or PhD degree at UCL shall not be permitted to register concurrently for another course at UCL or at any other higher education institution, except for those courses specified from time to time by the Programme Leader.

4.7 A student who withdraws before completing the programme of study may be required to re-start the whole programme should the student subsequently be permitted by UCL to re-register for it.

5. Attendance and Course of Study

5.1 In keeping with the *UCL IOE Code of Practice for Research Degrees*, UCL IOE shall appoint a supervisor and an advisory panel for each student registered for the MPhil or PhD degree.

5.2 Every student shall be required to pursue a course of study under the direction of their supervisor and in so doing to undertake their studies at such time(s) as UCL IOE and their supervisor may require, and to complete an agreed research training programme and any coursework as prescribed by UCL IOE.

5.3 For a full-time student, the minimum period of registration for an MPhil or PhD degree shall be two calendar years, save as prescribed in 5.4 below. For part-time students the minimum period of study shall be three years for an MPhil or PhD, save as prescribed in 5.4 below. Where a student follows periods of both full- and part-time study the total length will be adjusted according to the length of registration spent in each mode. For staff registered for a PhD by publication the minimum period is as specified in Annex A, regulation A6. For students registered for the Integrated MPhil/PhD, the minimum period is as specified in Annex B, regulation B6.

5.4 A student accepted under regulation 4.3 may be exempted by UCL IOE from part of a course of study for the MPhil or PhD degree provided that the course of study followed at UCL IOE is not less than one calendar year of full-time registration or two calendar years of part-time registration.

5.5 A course must be pursued continuously except by special permission of the Faculty Tutor.

5.6 The progress of each student shall be formally reviewed on an annual basis in accordance with the *UCL IOE Code of Practice for Research Degrees*.

5.7 Full time MPhil or PhD students are expected to submit their thesis for examination within four calendar years of the date of the initial registration for the degree and part-time MPhil or PhD students are expected to submit their thesis for examination within seven calendar years of the initial degree registration. Exceptionally, the Faculty Tutor may grant permission for a longer period of study in accordance with agreed procedures as laid down in the *UCL IOE Code of Practice for Research Degrees*, except that this shall not exceed ten years from the initial date of registration. For a student accepted under regulation 4.3, the period of registration spent at the other institution shall be used to calculate the number of years undertaken by the student. For students registered for the PhD by Publication or the Integrated MPhil/PhD the period of registration shall be as prescribed in Annexe A and B respectively.

5.8 The Faculty Tutor

6. Requirements applicable to the MPhil or PhD

6.1 Candidates registered under regulation 4.2 shall be required to satisfy the requirements for entry to the examination of the PhD by Publication specified in the Annexe and shall not be subject to regulations 6.3, 6.4, 6.7, 6.10 and 7.1.

6.2 Candidates for entry to the examination of the MPhil or PhD must satisfy the requirements applicable to theses for such degrees as laid down in the programme handbook.

6.3 The thesis must:

6.3.1 consist of the candidate's own account of his/her investigations.

6.3.2 be an integrated whole and present a coherent argument;

6.3.3 include a full bibliography and references;

6.3.4 be written in English and of a satisfactory standard of literary presentation

6.4 The greater proportion of the work submitted in a thesis must have been done after the initial registration for a research degree at UCL, except that in the case of a student accepted under regulation 4.3 there shall be allowance for the fact that the student commenced his/her

6.10 If appropriate to the field of study, and subject to approval by the Faculty Tutor a candidate may undertake research leading to the submission of a portfolio of original artistic or technological work undertaken during his/her period of registration. The work may take the form of, for example, objects, images, films, performances, musical compositions, webpages or software, but must be documented or recorded in the portfolio by means appropriate for the purposes of examination and eventual deposit in the Institute library. The portfolio must include written commentary on each item of artistic or technological work and either an extended analysis of one item or a dissertation on a related theme. The written commentaries and extended analysis or dissertation must together be no more than 40,000 words.

6.11 A thesis must be presented for examination in a final form in accordance with the instructions issued by the programme handbook.

8.1.1 be either a record of original work or of an ordered and critical exposition of existing knowledge and shall provide evidence that the field has been surveyed thoroughly;

8.1.2 give a critical assessment of the relevant literature, describe the method of research and its findings and include a discussion on those findings; and

8.1.3 not exceed 60,000 words, excluding the bibliography and appendices and including footnotes, endnotes, glossary, maps, tables, diagrams and references. Appendices should only include material which examiners are not required to read in order to examine the thesis, but to which they may refer if they wish.

10. Declaration

10.1. It is a requirement for the award of the MPhil or PhD degree that one hard bound copy of a successful thesis is placed in UCL IOE's library and one electronic copy to be made available for public reference.

10.2. At the time of entry to the examination candidates for the MPhil or PhD degrees will be required to sign a declaration confirming that the work presented is their own as specified in regulation 6.6 and 6.7, is fit for examination and that a copy may be made available for public reference.

10.3 A candidate may apply to the Research Degrees Examination Board for restriction of access to his or her thesis and/or the abstract for a period of up to two years on the grounds, for example, of commercial exploitation or in very exceptional circumstances. In all other circumstances, a thesis will be placed in the public domain following the award of the degree.

11. Appointment of Examiners and Conduct of Examination

11.1 All matters relating to the examination must be treated as confidential. Examiners are not permitted to divulge the content of previously unpublished material contained in a candidate's thesis until such time as any restrictions on access to the thesis, which have been granted by UCL, are removed.

11.2 The outcome of the examination is determined by two or more examiners acting jointly.

11.3 The Research Degrees Examination Board shall appoint the examiners, having paid particular attention to their independence, expertise and relevant experience. Two, or exceptionally three, examiners will be appointed for each candidate. The examiners are required to be expert in the field of the thesis and to be able to make an independent assessment of the student and the thesis. There shall be an internal examiner appointed from UCL IOE and an external examiner appointed from outside UCL IOE. With the permission of the Research Degrees Examination Board both examiners may be appointed from outside UCL IOE. Only one examiner may be appointed from within UCL IOE.

11.4 If the candidate is a member of staff at UCL IOE, both examiners shall be external to UCL IOE.

11.5 The candidate's supervisors or those involved in the supervision or development of the student's thesis may not act as examiners.

11.6 The Research Degrees Examination Board shall also appoint, at the request of the examiners, an additional examiner who is external to UCL IOE. The original examiners shall so request before they report formally that they are unable to reach agreement and may do so at any time, if they consider it desirable. Whenever possible the additional examiner shall be of professorial status and shall have considerable experience of examining for a doctoral degree.

11.7 The Research Degrees Examination Board shall appoint an examiner from overseas only in exceptional circumstances when it is considered that such an appointment is necessary. If an examiner from overseas is appointed, the Research Degrees Examination Board must be satisfied that the examiner appointed is familiar with the British higher education system.

11.8 Assessment shall be by submission of a thesis (as defined above) and an oral examination, which will be conducted in English.

11.9 Candidates must attend for examination at a place and time determined by UCL IOE (*see also regulation 9.9*).

11.10 The oral examination will be held in London. The Faculty Tutor may, however, agree to different arrangements if there are exceptional circumstances which make this expedient.

11.11 Unless the candidate indicates otherwise on the entry form, the supervisor (or where the candidate is jointly supervised, both supervisors) shall be invited to attend the oral examination as an observer. The supervisor does not have the right to take part in the examination but may contribute if invited to do so by the examiners with the agreement of the candidate. Otherwise the oral examination will be held in private.

11.12 An independent chair shall be appointed for all oral examinations. The chair shall play no role in the academic content of the examination of the thesis or the candidate. The role of the independent chair is to be present at the oral examination as a neutral observer and a guarantor of fair play, and generally to ensure that the examination is conducted appropriately. Where appropriate, the chair shall offer advice to the examiners on the regulations.

11.13 The chair shall be appointed in accordance with the *UCL IOE Guidelines for the Conduct of Oral Examinations*.

11.14 The examiners shall prepare independent preliminary written reports on the thesis to assist in conducting the oral examination (or the preparation of the joint report in those cases where no oral examination is held). These preliminary reports shall be submitted to the UCL IOE before the oral examination so that they may be distributed to the other examiner and to the independent chair before the oral examination.

11.15 The examiners have the right to reject a thesis which does not conform to the requirements for the submission of theses without conducting an examination. This does not preclude the candidate from submitting the thesis for examination again later.

11.16 After any oral examination, the examiners shall prepare a joint final report for submission to UCL IOE. The report shall indicate whether the thesis meets the requirements specified in these regulations and include a statement of the examiners' reasons for their judgment of the candidate's performance against the prescribed criteria.

11.17 The examiners may, at their discretion, consult the independent chair before completing their report.

11.18 Copies of the reports shall be sent to the Student and Registry Services who shall forward a copy of the final report to the candidate, together with the preliminary reports. All reports will be available to the members of an appeals committee in the case of an appeal against the result of the examination (*see also 12.4 and 13.4*).

12. Outcome of PhD Examination

12.1. Candidates for the PhD degree must submit a thesis and be examined orally, save as prescribed otherwise in 12.2 below. For candidates submitting a PhD by Publication, regulations

12.2 to 12.5 do not apply; instead such candidates should refer to regulations A16 and A17 in the Annex.

12.2 The options open to examiners in determining the result of the examination are as set out below.

Pass

12.2.1 If the thesis fulfils the criteria (set out in these regulations) and the candidate satisfies the examiners in the oral examination, the examiners shall report to the Research Degrees Examination Board that the candidate has satisfied them in the examination for the PhD degree.

Pass subject to corrections within one month

12.2.2 If the thesis otherwise fulfils the criteria but requires corrections (i.e. typographical errors, occasional stylistic or grammatical flaws, corrections to references/bibliography etc), and if the candidate satisfies the examiners in the oral examination, the examiners may require the candidate to make such corrections within one month of having been notified of the required amendments. The examiners shall be required to advise the student of the corrections in writing following the oral examination. The corrected thesis shall be submitted to one of the examiners nominated by them, or, if they so decide, the supervisor, for confirmation that the corrections are satisfactory.

Pass subject to minor amendments within six months

12.2.3 If the thesis otherwise fulfils the criteria but requires amendments (i.e. stated minor deficiencies, requiring some textual revision) and if the candidate satisfies the examiners in the oral examination, the examiners may require the candidate to make such amendments specified by them within 6 months of having received them. The examiners shall be required to advise the student of the minor amendments in writing following the oral examination. The amended thesis shall be submitted to the examiners or one of their number nominated by them for confirmation that the amendments are satisfactory. If the candidate fails to make the amendments in the specified time- frame or the examiner is unable to confirm that the amendments are satisfactory, the procedure outlined in 12.2.4 should be followed.

Referral re-present within 18 months

12.2.4 If the thesis, though judged not to meet the standard required, shall seem of sufficient merit to justify such action, the examiners may determine that the candidate be permitted to re-present his/her thesis in a revised form within 18 months. Examiners shall not, however, make such a decision without submitting the candidate to an oral examination. Following the oral examination the examiners shall be required to advise the student in writing of the additional work required before the thesis is re-presented. The examiners may at their discretion exempt from a further oral examination, on re-presentation of his/her thesis, a candidate who under this regulation has been permitted to re-present it in a revised form.

12.2.5 If the thesis satisfies the criteria for the degree, but the candidate fails to satisfy the examiners at the oral examination, the examiners may determine that the candidate be permitted

to re-present the same thesis, and submit to a further oral examination within a period specified by them and not exceeding 18 months.

Not awarded PhD but considered for award of MPhil

12.2.6 If, after completion of the oral examination or re-examination for the PhD, the examiners decide that a candidate has not reached the standard required for the award of the degree nor for the re- presentation of the thesis in a revised form for that degree, they will consider whether the thesis does, or might be able to, satisfy the criteria for the award of the MPhil degree. If they so decide, they will submit a report that demonstrates either how the criteria for the MPhil degree are satisfied, or what action would need to be taken in order for these criteria to be satisfied. They will have regard to the different normal maximum lengths of the thesis for the PhD and MPhil degrees but will have discretion to waive the thesis length for the MPhil degree if appropriate.

Thereafter the following conditions and procedures will apply:

a) The candidate will be informed that he or she has been unsuccessful in the examination for the PhD degree, but has reached the standard required for the award of the MPhil, or with amendment to the thesis may be able to satisfy the criteria for the MPhil.

b) A candidate considered for the award of the MPhil degree under this regulation will not be required to submit the thesis, as required under the regulations for the MPhil degree, or to undergo a further oral examination, but will be required to fulfil the requirements for the MPhil in all other respects.

c) A candidate offered an MPhil degree under these regulations must make any minor amendments required by the examiners within a period they specify, but not exceeding twelve months. The candidate must submit the amended thesis to the examiners who will decide whether the amendments have been completed to their satisfaction

Fail may not re-present

12.3 The examiners may determine that the candidate has not satisfied them in the examination. The examiners shall not, however, save in very exceptional circumstances, make such a decision without submitting the candidate to an oral examination.

12.4 If the examiners are unable to reach agreement, their reports shall be referred to the Research Degrees Examination Board which shall determine the actions to be taken.

12.5 A candidate who fails to satisfy the examiners will not be permitted to re-enter for the examination. However, exceptionally, a candidate may apply to UCL IOE to register for another course of study leading to the submission of a thesis on a different topic.

13. Outcome of MPhil Examination

13.1 Candidates for the MPhil degree must submit a thesis and be examined orally, save as prescribed otherwise in section 12.2.6.

13.2.

13.4 If the examiners are unable to reach agreement, their reports shall be referred to the Research Degrees Examination Board, which shall determine the action to be taken.

13.5 A candidate who fails to satisfy the examiners will not be permitted to re-enter for the examination. However, exceptionally, a candidate may apply to UCL IOE to register for another course of study leading to the submission of a thesis on a different topic.

14. Notification of Results of MPhil and PhD Examinations

14.1 After the report of the examiners has been considered by the Research Degrees Examination Board, the candidate shall be notified by Student and Registry Services of the result of his/her examination. The degree shall not be awarded until copies of the thesis have been lodged with UCL IOE in accordance with regulation 9.8.

14.2 A diploma under the seal of UCL shall be subsequently delivered to each candidate who has been awarded a degree.

14.3 The diploma for the degree will bear the names of the candidate in the form in which they appear in the records of UCL at the date of issue.

14.4 No person will be awarded any qualification who has not settled any tuition account outstanding with UCL or made acceptable arrangements to settle any such account, and neither will any information on such a person's examination performance be communicated to that person or to any third party except as required by law.

14.5 The Student and Registry Services may withhold the result of any examination for a student who is under investigation under the disciplinary procedures of UCL, unless required to disclose information by law.

14.6 The procedures governing student complaints, including appeals against the decision of a Board of Examiners, are defined in the *UCL Academic Manual, Chapter 1, Section 12: Student Complaints Procedures*.

August 2015

A12 Additionally, in the case of collaborative work, the examiners must satisfy themselves that the part of the submitted material attributed to the candidate constitutes a substantial original contribution to knowledge.

Entry to examination and submission of work

A13 The candidate shall be subject to the regulations set out in Section 9 of the PhD regulations except that he or she shall be expected to submit two copies of the publications and the integrative summary bound in accordance with instructions obtainable from the Head of IOE Centre for Doctoral Education and in accordance with the *UCL IOE Guidelines for the Conduct of Oral Examinations*.

Appointment of Examiners and Conduct of Examination

A15 The examiners for the PhD by Publication shall be appointed in accordance with procedures set out in section 11 of the PhD regulations.

Outcome of examination of PhD by publication

A16 Candidates for the PhD by Publication must submit the thesis comprising the publications and integrating paper and be examined orally save as prescribed otherwise in paragraph A17 below.

A17 The options open to the examiners in determining the result of the examination are as set out below:

A17.1 if the thesis comprising publications and integrating paper submitted fulfils the criteria set out in these regulations and the candidate satisfies the examiners in the oral examination, the examiners shall report that the candidate has satisfied them in the examination for the PhD degree; or

A17.2 if the thesis otherwise fulfils the criteria but requires minor amendments to the integrative summary and if the candidate satisfies the examiners in the oral examination, the examiners may require the candidate to make such minor amendments within three months of having received them. The examiners shall be required to advise the student of the corrections in writing following the oral examination. The corrected thesis shall be submitted to one of the examiners nominated by them for confirmation that the corrections are satisfactory; or

A17.3 if the thesis, though judged not to meet the standard required, shall seem of sufficient merit to justify such action, the examiners may require the candidate to submit a revised integrative summary, and/or a different selection of published material, for a PhD within a prescribed period not exceeding 12 months from the date the candidate is notified by UCL of the decision of the examiners. The examiners may at their discretion exempt from a further oral examination, on re-presentation of his/her thesis, a candidate who under this regulation has been permitted to re-present it in a revised form; or

A17.4 if the work satisfies the criteria for the degree, but the candidate fails to satisfy the examiners at the oral examination, the examiners may determine that the candidate be permitted

to re-present the same thesis, and submit to a further oral examination within a period specified by them and not exceeding 12 months; or

A17.5 that the work be not approved for the award of the degree of PhD because the criteria for the award are not met and that there is no reasonable expectation of their fulfilment within 12 months from the date of assessment. The examiners shall not, however, save in very exceptional circumstances, make such a decision without submitting the candidate to an oral examination.

A18 Where the examiners are unable to agree on the recommendation to be made or if, for any reason, a further opinion is required on the work submitted, a third external examiner shall be appointed by the Research Degrees Examination Board.

A19 A candidate who fails to satisfy the examiners will not be permitted to re-enter for the examination using the same material or any part of the material for the degree of PhD. However, exceptionally, a candidate may apply to UCL IOE to register for another course of study leading to the submission of a thesis on a different topic.

Notification of Results

A20 The regulations for the PhD shall be followed in respect of the notification of the result to the candidate.

A21 If the candidate is approved for the award of the degree, one copy of the thesis will be deposited in the Newsam library where it can be available for consultation.

August 2015

Annexe B: Master of Philosophy and Doctor of Philosophy with Integrated Research Methods Training

These regulations for the Integrated MPhil/PhD should be read together with UCL IOE's *Regulations for the degrees of MPhil and PhD*, to which they are appended, and the *UCL IOE Regulations for Taught Masters Degrees, MRes and Postgraduate and Professional Diplomas and Certificates*.

Admission

B1 The regulations for the MPhil/PhD Section 3 shall be followed in respect of the admission of candidates for the Integrated MPhil/PhD

Registration

B2 The regulations for the MPhil/PhD Section 4 shall be followed in respect of the registration of candidates for the Integrated MPhil/PhD.

Attendance and Course of Study

B3 The Integrated MPhil/PhD comprises a taught element and a research element. Students undertake the two elements of the programme simultaneously and must complete both elements to be eligible for the award of the degree.

B4 Students registered for the Integrated MPhil/PhD will be required to complete the requirements of, and satisfy the examiners in, the prescribed assessments for the taught elements of the programme as specified by UCL IOE and in accordance with the *UCL IOE Regulations for Taught Masters Degrees, MRes and Postgraduate and Professional Diplomas and Certificates*.

B5 The taught element will comprise the taught modules of one of the research-based Masters degrees offered by UCL IOE. The content of the curriculum may vary from time to time, but shall always include a theoretical and practical training in research strategies and methods, to the value of at least 120 Masters level credits.

B6 Students shall also be required to complete the requirements of, and satisfy the examiners in, the research element of the Integrated MPhil/PhD, in accordance with the regulations for MPhil/PhD Section 5.

Duration of Programme

B7 The minimum period of registration for the Integrated MPhil/PhD shall be three calendar years of full-time study or four calendar years of part-time study.

B8 Students registered for the Integrated MPhil/PhD must complete the requirements of, and satisfy the examiners in, the prescribed assessments for the taught elements of the programme in accordance with regulation B5 within the first two calendar years of full-time study (or four calendar years of part-time study). Students registered for the Integrated MPhil/PhD must have attained a satisfactory standard in the taught element of the programme to the value of 120 credits prior to entry to the examination for the thesis.

B9 Students registered for the Integrated MPhil/PhD must submit their thesis within five calendar years of full-time registration or eight calendar years of part-time registration. Exceptionally, the Faculty Tutor/ Head of IOE Centre for Doctoral Education may grant permission for a longer period of study in accordance with the agreed procedures as laid down in the *UCL IOE Code of Practice for Research Degrees*, except that this shall not exceed ten years from the initial date of registration.

Advanced Standing

B10 Candidates for the Integrated MPhil/PhD may, at the discretion of the UCL, be given exemption from up to 60 credits or two taught modules for work successfully completed (i.e. taught and examined) from a degree programme offered at another approved higher education institution. UCL will be responsible for ensuring exemption is given only in respect of courses deemed to be of an appropriate level and which form a coherent whole with the candidate's taught programme at UCL.

B11 Candidates for the Integrated MPhil/PhD may also be exempted from part of the course of study if they have commenced a course of study for the MPhil or PhD degree (or equivalent degree) of another university, provided there is no change in their topic of research and provided they meet the conditions laid down in the *UCL IOE Admissions Policy and Procedures for Research Degrees*.

Progress for Students registered on the Integrated MPhil/PhD

B12 The relevant Master's degree Board of Examiners shall be responsible for the assessment of students' progress in the taught element of the programme, in accordance with the *UCL IOE Regulations for Taught Masters Degrees, MRes and Postgraduate and Professional Diplomas and Certificates* Section 8.

of thesis examiners and conduct of thesis examination for candidates for the Integrated MPhil/PhD.

Outcome of PhD Examination
