

"For the first time I truly began to understand what a multi-disciplinary powerhouse UCL is when it comes to transport. The potential significance of the Transport Institute has fallen into place."

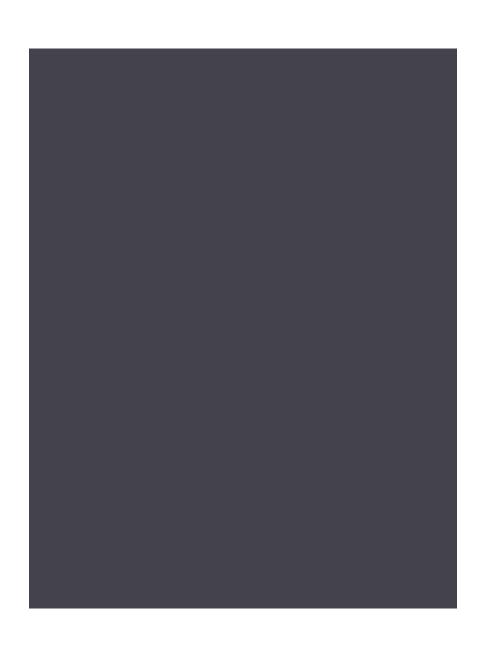

The UCL Transport Institute was founded with three principal goals:

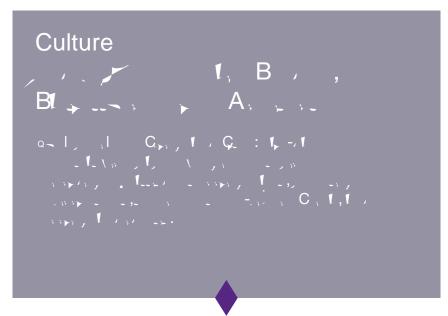

- Q To foster cross-disciplinary transport research
- Q To increase the policy impact of transport research
- a To build UCL's profile in relation to transport

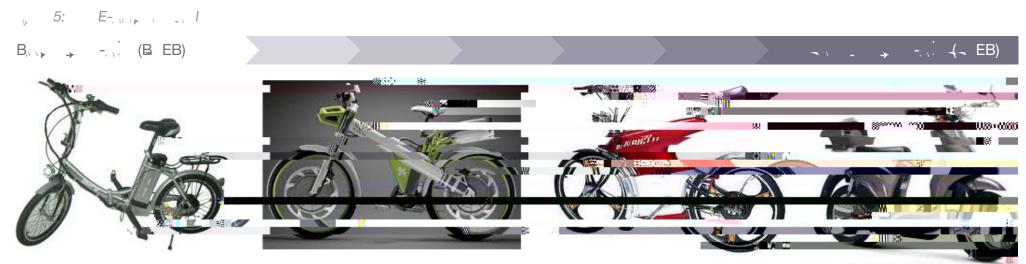

There is a backlash against China's 120million electric bioycles
